

COMPANY PROFILE

FAB Steel
Construction & Contracting

WHO WE ARE

Fab Steel is a premier steel fabrication and contracting powerhouse headquartered in Egypt, with a strategic footprint extending across the region. Founded on the principles of precision, durability, and unwavering commitment, we transform architectural visions and industrial requirements into robust steel realities. From colossal industrial complexes to intricate architectural marvels, we are the trusted backbone behind the region's most ambitious projects.

Our Journey

Our story began in 2014 with a clear vision and a dedicated workshop. Under the leadership of (Eng. ElSayed Salim) We have evolved from a promising startup into a regional leader. Our journey is marked by:

- **Strategic Growth:** Expanding our capabilities and technological edge year after year.
- **Proven Excellence:** Completing over a decade of successful project delivery across Egypt, Libya, and beyond.
- **Facility Evolution:** Developing a state of the art 8,200 m^2 factory in 10th of Ramadan City, equipped with advanced CNC machinery and overhead cranes.
- **Trust Earned:** Building enduring partnerships with industry giants like Orascom, Hassan Allam, and Petrojet.

Our Vision...

To be the most trusted and innovative steel structure company in Egypt, Africa, and the Middle East, setting a global benchmark for quality and reliability.

Our Mission...

To safely deliver every project, exceeding client expectations in quality, on-time delivery, and cost-efficiency. We achieve this through continuous innovation, precision engineering, and an unwavering commitment to our core values

Our Purpose...

We exist to build the essential framework for progress. Our purpose is to empower communities, industries, and economies by delivering steel solutions that are safe, sustainable, and built to last.

WHY CHOOSE FAB Steel

Choosing a partner is about trust, capability, and results. Here's what sets us apart...

- **End-to-End Expertise:** A seamless, integrated service from initial design (Using Tekla, AutoCAD, STAAD. PRo) to fabrication, installation, and final handover.
- **Certified Quality & Safety:** Our operations are anchored by international certifications including ISO 9001, 14001, 45001, EN 1090, and AWS welding standards, guaranteeing unparalleled quality and safety protocols.
- **Modern Manufacturing Might:** Our facility boasts CNC plasma cutters, hydraulic press brakes, rolling machines, and automated welding stations, ensuring precision at scale with a capacity of up to 200 tons per month.
- **A Portfolio of Prestige:** Our work speaks for itself, having earned the trust of Egypt's leading construction and industrial conglomerates.
- **Driven by Values:** Every beam we fabricate and every structure we erect is guided by our values: Commitment, Precision, Trust, Safety, Improvement & Teamwork.

Our Projects

Our portfolio showcases our versatility and skill across diverse sectors

- **EL AMAL Steel Gate & Steel Bridge for TAMEER, MEDAR**
  Enhancing modern cityscapes in El Mostakbal City and the New Capital.
- **Industrial Steel Buildings in BADR CITY**
  Creating durable spaces for industry.
- **Steel Tank for an Abu Rawash power station**
  Supporting critical infrastructure.
- **Steel Dome for the State Council Courts Complex, New Cairo**
  Blending architectural beauty with structural integrity.
- **120-Ton Capacity Truck Scale & 15-Ton Overhead Cranes**
  Delivering specialized, heavy-duty equipment for industrial efficiency.

Project Name	EL AMAL Steel Gate
Client	TAMEER, MEDAR
Location	El Mostakbal City
Scope of Work	Fabrication and erection of a steel structure

Project Name	Steel Bridge
Client	TAMEER, MEDAR
Location	New Capital
Scope of Work	Fabrication and erection of a steel Bridge

Project Name	Steel Tank
Client	Electric Station
Location	Abu Rawash
Scope of Work	Fabrication and erection of a steel Tank

Project Name	Steel Silo
Client	FAMSUN
Location	Ain Sukhna
Scope of Work	Apply And Install Steel Silo

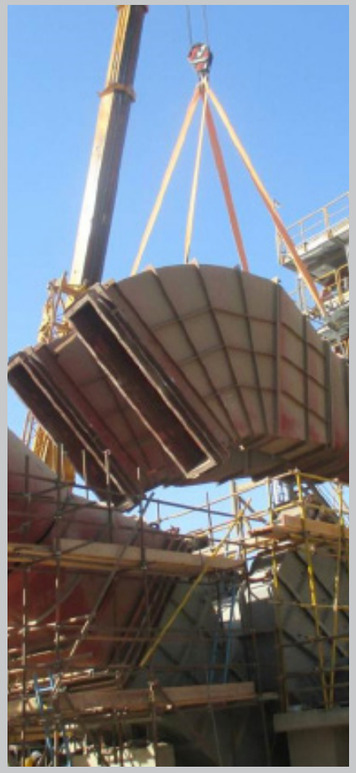

Project Name	Overhead Crane 15ton capacity
Client	Fresh Electric
Location	Badr City
Scope of Work	Fabrication and erection overhead crane

Project Name	Cement Plant Fabrication
Client	Titan Cement
Location	Bani Suief
Scope of Work	fabrication of industrial steel filter system for cement production line

Project Name	Silos & Concrete Plant
Client	Nisbau Egypt
Location	10th of Ramadan City
Scope of Work	Fabrication, and installation of steel silos

Project Name	Security Towers
Client	TeKniat Company
Location	Sharm El-Sheikh, Egypt
Scope of Work	Design, fabrication, and installation of steel watch towers for security and monitoring purposes

Our Services

We provide comprehensive steel solutions tailored to modern demands

- **Pre-Engineered Buildings (PEBs)**

  Fast, cost effective, and customizable buildings for warehouses, factories, and hangars.

- **Steel & Architectural Structures**

  Custom-designed structures and façades for commercial complexes and iconic infrastructure.

- **Industrial Steel Buildings**

  Heavy-duty buildings engineered for factories, workshops, and logistics centers.

- **Overhead Crane Systems**

  Custom designed cranes (single/double girder, gantry) for safe and efficient material handling.

- **Mechanical Equipment & Plate Works**

  Precision fabrication of ducts, hoppers, and custom industrial parts.

- **Storage Tanks & Pressure Vessels**

  ASME-compliant tanks and vessels for the oil & gas, chemical, and water storage industries.

- **Erection & Installation Services**

  Expert on-site assembly by skilled teams adhering to the highest safety standards.

OUR TARGET AUDIENCE

We are the strategic partner for visionaries & builders

- Major Contractors & Construction Firms.
- Industrial & Manufacturing Companies require facilities, cranes, and storage solutions.
- Government & Infrastructure Developers working on public projects, bridges & utilities.
- Oil & Gas, Petrochemical, and Power Generation entities.
- Commercial Real Estate Developers of malls, complexes, and high-rise buildings.
- Architectural Firms seeking a reliable fabricator for innovative structural & aesthetic steel elements.

CERTIFICATE

Management System as Per

ISO 9001: 2015

In accordance with AFAQ procedures,

it is hereby certified that :

FAB Steel for Construction & Contracting

Applies a management system in line with the above standard for the following scope :

- Construction and manufacturing of metal structures.
- IAF CODE : (17) Basic metals and fabricated metal products.

-Address : : Belbies Industrial Zone 10th of Ramadan

-Certificate Registration :- QMS 1144.11.25

Signature

Eng / Ahmed Al-Bakry

Date of Certification : 24/11/2025

1st Surveillance Audit Date : 12/11/2026

2st Surveillance Audit Date : 12/11/2027

Certificate Expiry : 23/11/2028

Certification Body at AFAQ Cairo 24/11/2025

This certification was conducted in accordance with the AFAQ auditing and certification procedures and is subject to regular surveillance audits .
